Note.—This Return, prepared by the Registrar General of Seamen, cannot be given for earlier years. It includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist, or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

Note.—This Return, prepared by the Registrar General of Seamen, cannot be given for earlier years. It includes Channel Islands Vessels, but not those of the British Plantations.  
The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist, or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

Note.—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist, or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

No. 37.—QUANTITIES of the SEVERAL ARTICLES CHARGED (in 1862) with DUTIES of EXCISE in the UNITED KINGDOM; Free of Duty; EXPORTED; and RETAINED for HOME CONSUMPTION.

Note.—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist, or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

Note.—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist, or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

*Note.*—The decrease in the Number of Persons committed for Trial in England and Wales, since 1855, is partly to be attributed to the operation of the Criminal Justice Act of 1853, which authorizes Justices to pass sentences for short periods, with the consent of the prisoners, instead of committing for Trial to the Sessions.

*Note.*—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist, or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.
